

# Pennsylvania Council on the Arts

## Supported Organizations for Fiscal Year 2010-2011

*Pennsylvania Partners in the Arts (PPA) Project Stream applicants are eligible to receive support for activities in two categories: 1) arts projects not conducted with or at a PCA-supported arts organization or program; or 2) arts projects conducted with or at a PCA-supported arts organization or program. Statewide, at least 75% of PPA Project Stream funds will support projects that are not conducted with or at a PCA-supported arts organization; and up to 25% of funds will support projects that are conducted with or at a PCA-supported arts organization or program. The level of competition for funding in these two project categories will vary among PPA service regions.*

*The following is a list of arts organizations and programs, sorted by county, that the PCA supported during the 2010-2011 fiscal year through either the Arts Organizations & Arts Programs Track (AOAP), Entry track, or PPA Program Stream. Use this list as a reference in determining whether your project has an affiliation with a PCA-supported arts organization or program.*
